

Homework 2: Using Spatial Lag, Spatial Error and Geographically Weighted Regression to Predict Median House Values in Philadelphia Block Groups

Yiming Cao, Sujan Kakumanu, Angel Sanaa Rutherford

2025-10-30

1 Introduction

2 Methods

2.1 The Concept of Spatial Autocorrelation

2.2 A Review of OLS Regression and Assumptions

2.3 Spatial Lag and Spatial Error Regression

2.4 Geographically Weighted Regression

3 Results

3.1 Spatial Autocorrelation

3.2 A Review of OLS Regression and Assumptions: Results

3.3 Spatial Lag and Spatial Error Regression Results

3.4 Geographically Weighted Regression Results

4 Discussion
